

# **Autori i cui scritti sono presenti nella Biblioteca Africana Borghero – Genova A - B**

## **Note:**

1. Gli autori sono elencati in ordine alfabetico.
2. Può succedere che ci siano dei sinonimi: in questo caso, può essere utile confrontare la sigla identificativa VID (1<sup>a</sup> colonna a sinistra). Questo identificativo non può essere utilizzato per la ricerca negli OPAC, ma solo in SBN. Ho tuttavia lasciato questa colonna nel testo perché sia chiaro chi è responsabile di cosa.
3. Non sono qui elencati enti o organismi vari qualificati come autori. Si trovano in un file a parte (Autori Enti presenti in Biblioteca Borghero).
4. Parole o segni di interpunzione posti tra parentesi quadre sono solo osservazioni mie, da non utilizzare in fase di ricerca.
5. Certi nomi sono problematici... Ad esempio, non è sempre facile determinare quello che è, secondo i nostri parametri, il cognome e quello che è il nome proprio. Si è cercato di eliminare le incongruenze, ma non sempre questo è possibile.
6. Per gli autori della cui "creazione" è responsabile la Biblioteca Borghero (il VID inizia con LIG) ho aggiunto, quando ho trovato documentazione, delle qualifiche poste tra parentesi uncinate (< >): questi elementi sono utilizzabili in fase di ricerca nel CBL (Catalogo Biblioteche Liguri).
7. Ci sono nomi di autori comprendenti un solo elemento: generalmente si tratta di opere o articoli risalenti al secolo scorso, e si tratta spesso di missionari: spero di completare questi nomi, a poco a poco.
8. Ci fu un periodo, fino a circa gli anni '70 del secolo scorso, in cui i Padri Cappuccini venivano identificati tramite il nome "di religione" e la città di provenienza: generalmente vengono elencati con: da\_..., + nome. Esempio: da\_Postioma, Adalberto.
9. Naturalmente, se qualcuno trova correzioni da proporre, mi può contattare liberamente al seguente indirizzo: [riccardozoggia@yahoo.it](mailto:riccardozoggia@yahoo.it)

Buon lavoro di ricerca!
